

Cancellation Policy

Magic Rush · Effective 19 October 2026 · magic-rush.com · support@overflowstudio.com

This policy explains how to cancel a Magic Rush subscription and what happens when you do.

Plain summary: cancel whenever you like from the Whop dashboard. You keep access until the end of the period you already paid for, and nothing renews.

1. How to cancel

Cancel from your Whop account, under the membership for this product. Cancellation is handled there because Whop is the merchant of record.

You can also ask us and we will point you to the same place. We cannot cancel on your behalf from our side because we do not hold your billing details.

2. What happens next

- Your plan stays active until the end of the current billing period.
- It does not renew and you are not charged again.
- When the period ends the account drops to no plan and generation stops. Your account and its history are kept so you can resubscribe later.

3. Your data after cancelling

Cancelling does not delete your account. You may still sign in to download anything you need.

To delete the account and its data entirely, contact us — see the Privacy Policy for what is removed.

4. Cancelling immediately

If you want access to stop now rather than at the end of the period, tell us and we will deactivate the plan. This does not itself produce a refund; refunds are covered by the Refund Policy.

5. Accidental renewals

If you meant to cancel and missed it, contact us within seven days of the renewal and we will look at it. Where the allowance is untouched we will generally refund it.
